The information contained in this table comes from the Underwriters Laboratories Inc web site:

<http://www.ul.com/>

All information are not in the table. The site could be consulted in the following way :

- Select " certifications "
- Put the company name or the UL file number in the field " Begin a basic search " and clic to " search "
- Select the UL file number in the table which corresponds to the category "Printing Materials – Component "
- Find in the list the material reference and check the combination which obtained the UL Approval
- Check the compatibility
